

# MAYU-IFRB-E

UST Projector Cabinet Designed For UST Projector, Bar Speakers Like Sonos Arc Or Nakamachi & Floor raising Screen of 120" On 8 feet Ceiling & Above.

## Key Features

### Universal Compatibility

Accommodates virtually any UST projector, Bar speakers like Sonos Arc or Nakamachi, and 120" floor raising screen.

### Advanced Cooling System

Silent fans in the AVR section efficiently dissipate heat from the receiver. Dedicated fan in the left section for cooling other electronic devices.

### Adjustable Platforms

Variable height platform for the projector ensures compatibility with different models.

### Child and Pet-Friendly

UST projector is concealed, preventing accidental disturbance to projector position.

### **IR-Compatible Doors**

Allows operation of all devices using remote controls.

### **Space For Center Channel Accommodation**

Fixed depth option of additional 2 inches to accommodate bar speakers with good height.

### **Durable Construction**

Built with plywood core and cabinet liner for strength and stability.

### **Efficient Heat Management**

Cabinet design enclosing three sides of the projector's top to manage heat dissipation.

### **Design and Construction**

The cabinet is crafted from high-quality plywood with a cabinet liner, ensuring durability and a polished appearance. Its thoughtful design incorporates adjustable components to accommodate a wide range of equipment sizes and configurations.

### **Ventilation and Cooling**

Silent fans strategically placed in the AVR and left sections provide efficient cooling for electronic components. The open-back design of the UST projector section further enhances heat dissipation, ensuring optimal performance and longevity of your equipment.

### **Safety and Convenience**

The concealed design of the UST projector compartment adds an extra layer of safety, making it ideal for households with children or pets. IR-compatible doors enable seamless operation of all devices without the need to open the cabinet. This UST projector cabinet represents the perfect blend of form and function, offering a comprehensive solution for home theatre enthusiasts looking to maximize their viewing experience while maintaining a sleek and organized setup.
