SUNDARAM-IFR-E

UST Projector Cabinet Designed for UST Projector, Center Channel and Floor Raising Screen for 150" Screen on 8 feet Ceiling and above.

Key Features

Universal Compatibility

Accommodates virtually any UST projector, center channel speaker, and 150" floor raising screen.

Advanced Cooling System

Silent fans in the AVR section efficiently dissipate heat from the receiver. Dedicated fan in the left section for cooling other electronic devices.

Adjustable Platforms

Variable height platform for the projector ensures compatibility with different models.

Child and Pet-Friendly

UST projector is concealed, preventing accidental disturbance to projector position.

IR-Compatible Doors
Allows operation of all devices using remote controls.

Space For Center Channel Accommodation
Fixed depth option of additional 2 inches to accommodate speakers with good height.

Durable Construction
Built with plywood core and cabinet liner for strength and stability.
No Messy Cables.

Efficient Heat Management
Cabinet design enclosing three sides of the projector's top to manage heat dissipation.

Design and Construction

The cabinet is crafted from high-quality plywood with a cabinet liner, ensuring durability and a polished appearance. Its thoughtful design incorporates adjustable components to accommodate a wide range of equipment sizes and configurations.

Ventilation and Cooling

Silent fans strategically placed in the AVR and left sections provide efficient cooling for electronic components. The open-back design of the UST projector section further enhances heat dissipation, ensuring optimal performance and longevity of your equipment.

Safety and Convenience

The concealed design of the UST projector compartment adds an extra layer of safety, making it ideal for households with children or pets. IR-compatible doors enable seamless operation of all devices without the need to open the cabinet. This UST projector cabinet represents the perfect blend of form and function, offering a comprehensive solution for home theatre enthusiasts looking to maximize their viewing experience while maintaining a sleek and organized setup.
