## SUNDARAM-IFR-E-DIY

UST Projector Cabinet Designed for UST Projector, Center Channel and Floor Raising Screen for 150" Screen on 8 feet Ceiling and above.

## **Key Features**

## **Universal Compatibility**

Accommodates virtually any UST projector, center channel speaker, and 150" floor raising screen.

## **Adjustable Platforms**

Variable height platform for the projector ensures compatibility with different models.

### DIY KIT (Cost Cutting):

This is prepared for reducing the cost of the cabinet. The end customer is expected to prepare and assemble the product. Assembly skill required.

### **Advanced Cooling System**

Silent fans in the AVR section efficiently dissipate heat from the receiver. Dedicated fan in the left section for cooling other electronic devices.

#### **Child and Pet-Friendly**

UST projector is concealed, preventing accidental disturbance to projector position.

#### **Effortless Cable Concealment**

No Messy Cables.

**IR-Compatible Doors** Allows operation of all devices using remote controls.

#### **Durable Construction**

Built with plywood core and cabinet liner for strength and stability.

#### **Efficient Heat Management**

Cabinet design enclosing three sides of the projector's top to manage heat dissipation.

#### **Design and Construction**

The cabinet is crafted from high-quality plywood with a cabinet liner, ensuring durability and a polished appearance. Its thoughtful design incorporates adjustable components to accommodate a wide range of equipment sizes and configurations.

#### Ventilation and Cooling

Silent fans strategically placed in the AVR and left sections provide efficient cooling for electronic components. The open-back design of the UST projector section further enhances heat dissipation, ensuring optimal performance and longevity of your equipment.

#### **Safety and Convenience**

The concealed design of the UST projector compartment adds an extra layer of safety, making it ideal for households with children or pets. IR-compatible doors enable seamless operation of all devices without the need to open the cabinet. This UST projector cabinet represents the perfect blend of form and function, offering a comprehensive solution for home theatre enthusiasts looking to maximize their viewing experience while maintaining a sleek and organized setup.
